TWU Negotiation Committee Update August 19, 2008

The entire TWU Negotiation Committee gathered in Dallas/Fort Worth, Texas on Tuesday, August 19, 2008 to update each other on the current contract position within each Sub-Committee. After a review from each Sub-Committee, the Negotiation Committee concluded that there were many issues that exist that are common among all groups. The Company has failed to respond to many of the union proposals, employed stalling tactics, and in some cases has refused to accept its own compensation proposal offered to the Title III and Title IV groups. Moving forward, the Committee has determined our options, strategies, and the next step for the TWU.

Our **SUCCESS** in negotiations depends on a **UNITED EFFORT**. We are asking our membership to prepare themselves to fully support our Negotiating Committee in our upcoming efforts to secure a contract that we all will support. **UNITED INVINCIBLE!!!**
